

Source Code Clippy IntelliJ Recommender Plugin Investigation
Level 4 Individual Project, 2015/2016
Boris Nikolov

The main aim of the experiment was to investigate the usability of the Source Code Clippy IntelliJ plugin. I wanted to know exactly how useful were the searching options provided. Do you have any comments or questions about the experiment? Please take a note of my email address and the email address of the module coordinator, and please let us know if you have any further questions about this experiment. Thank you for your help.
